STATE OF SOUTH CAROLINA
BEFORE THE PUBLIC SERVICE COMMISSION
DOCKET No. 2013-59-E

| | |
|---|------------------------------|
| IN MATTER OF: Application of Duke Energy Carolinas, LLC for Authority to Adjust and Increase Its Electric Rates and Charges | PETITION TO INTERVENE |
|---|------------------------------|

I, Joseph Wojcicki, hereby petition the SC Public Service Commission ("PSC") to intervene according to the PSC Rules and in the form presented in Pro se ... Guide in above case / matter.

1. The contact information:

JOSEPH WOJCICKI

820 East Steele Road

West Columbia, SC 29170-1125

E-mail: joe4ocean@aim.com

2. My intention is to assist PSC in "[Our] Mission: A Fair, Open, and Efficient Regulatory Process..." as well as proceed with the Application of Duke Energy Carolinas to receive electric energy production in safe conditions for entire 60 years of expected reactors' life. In present situation there are too many unanswered questions and unfinished solutions which keep general public in the fear that this investment is at least imprudent or even dangerous.

3. There are more factors allowing/supporting Wojcicki to act as an intervenor in this case than had, for example, Mr. Tom Clements who received such opportunity by this Commission (Order Number 2011-264) and could intervene as an individual [Pro se] in Duke Energy project in SC. He also represented some interests in SCE&G projects.

4. The Application of Duke Energy request additional sums to cover cost of "Fukushima lessons". The supporting materials are not adequate to the range of safety problems and it is expected to be deeper analyze starting with public opinions at the hearings.

CONCLUSION.

The public interest shall be supported by technical / scientific knowledge and indicates that this Petition need to be accepted; all rights and privileges shall be granted, especially to serve in the behalf of the national economy and security. Duke Energy Carolinas and SCE&G are two largest producers and distributors of electric energy in this region and are connected to the Southeast grid. Both are under PSC jurisdiction.

Respectfully submitted,

Joseph Wojcicki – MSEE, consultant in BYPAS INTERNATIONAL

820 East Steele Road

West Columbia, SC 29170-1125
